

WAIM

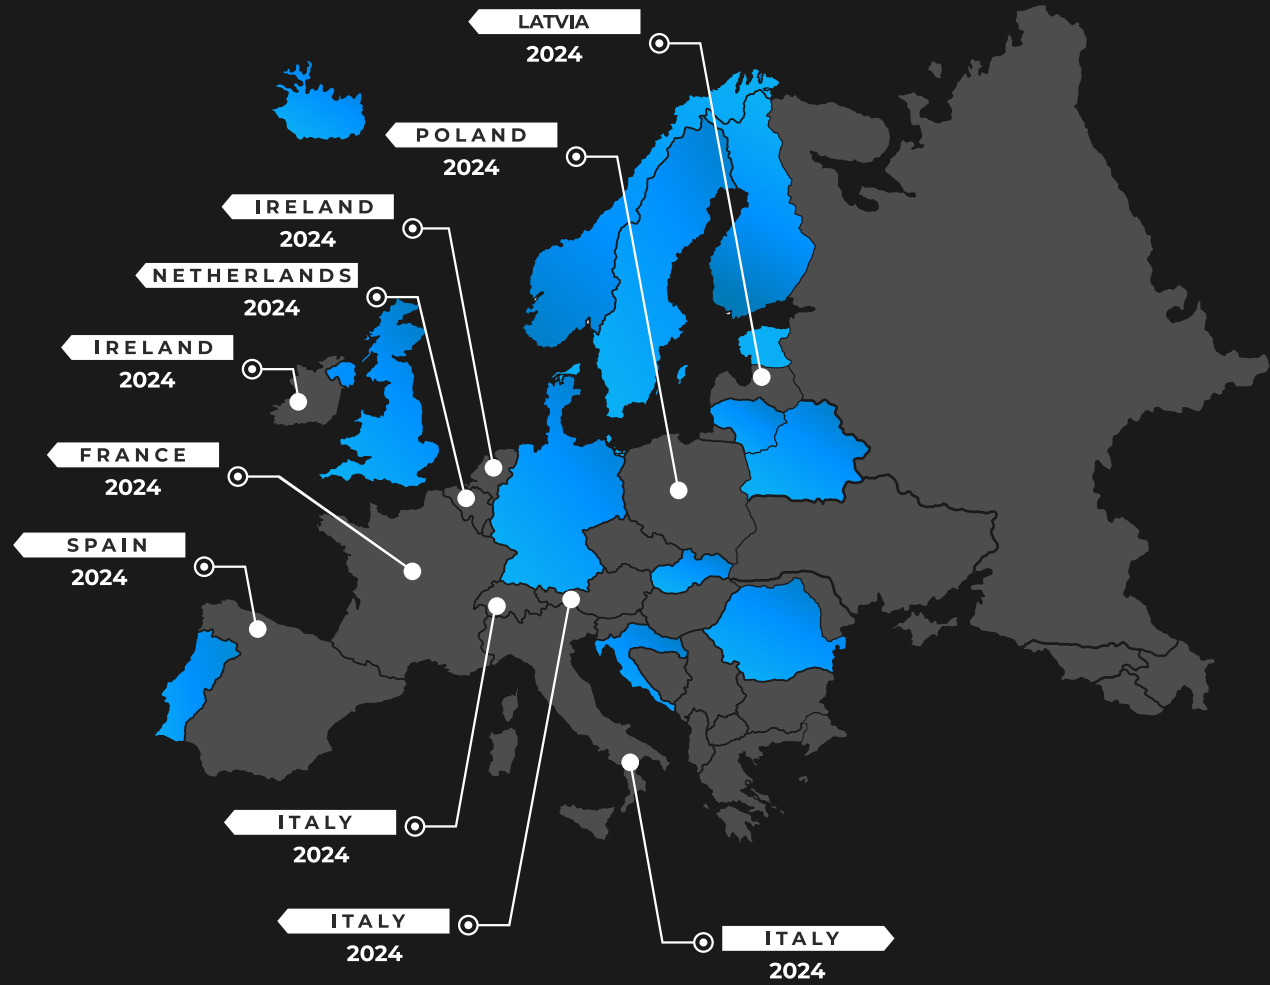

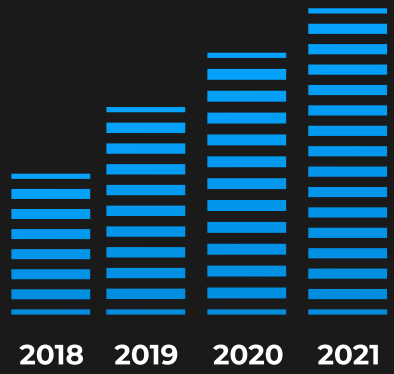

# ▶ PROBLEM - Deposit system without points

In the current deposit system there is no points, available machines print a receipt with a discount or QR code.

# ▶ The deposit system in the EU - green order

market value

The European Union introduces a green order policy aimed at achieving the 0 waste result. The deposit system is introduced by all EU countries. All countries have a glass bottle deposit system, now a plastic packaging system is being introduced.

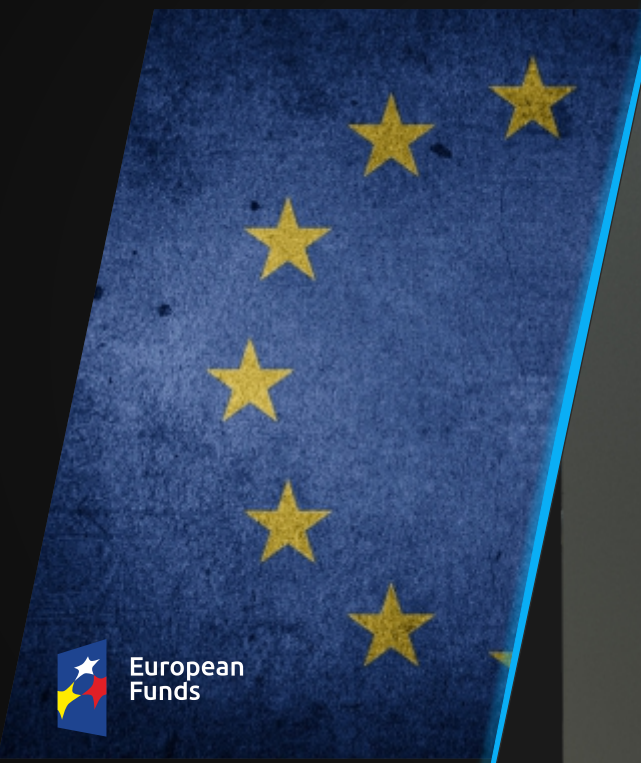

▶ **WAÇ** + tool for introducing into the deposit system
